

Cummins Northwest will be attending our Rally in Tucson and would like to provide you with service updates for your Cummins engines. If you are interested, contact Rick Garlitz at the phone # or email address listed below to give him the information needed. Listed below is the information that they would need before coming to the rally so they can look at the engine serial # to see if it needs updates or parts they can bring with them. This is a great benefit to club members attending the rally.
